

REMARKS

In response to the Office Action mailed July 26, 2004, the Applicant has amended claims 506, 508, 522, 541, 557, 561, 575, and 609 to remove the objectionable term "Java" from these claims. Support for the amendment to these claims may be found in the written description, drawings, and claims as originally filed. On account of the foregoing listed support for the amendments of the claims, it is respectfully submitted that the amendments do not add new matter.

In view of the amendments of the claims, the Examiner is respectfully requested to withdraw her rejection of these claims under 35 U.S.C. § 112, second paragraph.

In the Office Action mailed July 26, 2004, the Examiner indicated that claims 506-609 would be allowable if a terminal disclaimer is filed, in view of U.S. Patent No. 6,332,215, in order to overcome the rejections based on non statutory double patenting. In response, the Applicant is filing simultaneously herewith, such a terminal disclaimer.

New claims 610-615 have been added. These claims are dependent on one of claims 509-609. Accordingly, it is respectfully submitted that these new claims are patentable.

It is respectfully submitted that in view of the amendments and remarks set forth herein, all rejections have been overcome. All pending claims are now in condition for allowance, which is earnestly solicited.

Authorization is hereby given to charge our Deposit Account 02-2666 for any charges that may be due. Furthermore, if an extension is required, then Applicant hereby requests such an extension.

Respectfully submitted,

BLAKELY, SOKOLOFF, TAYLOR & ZAFMAN
